Safe Sex In Pennsylvania

Planned Parenthood opens across the street
and young women glide seemingly by-YYYYY...
 and then quicksilver inside! They emerge

much more slowly, carrying paper bags the size
 I once got penny candy in, condoms I
 guess, to sheath their various warriors

     who still maintain dat shit
     takes away all the pleasure! or

     My dear! What is even the sense
   of our thus DOOOOOO-ing it? or
 Nothin goes onto MAH oh-gan, nothin!

All these rather typical reservations
 down throughout the sexual rages
 from anglo and ethnic assholes so

 unaccountably loved by good women
 performing the many, many small tasks
within the huge, elastic dream of things.
